Read the following policy:

About your IBMid Account Privacy

This notice provides information about accessing your IBMid user account (Account). If you have previously been presented with a version of this notice, please refer to "Changes since the previous version of this notice" below for information about the new updates.

Updates to the [IBM Privacy Statement](#) since this notice was originally published provide additional information about how your personal information is processed by IBM.

+ Changes since the previous version of this notice

+ What data does IBM collect?

+ Why IBM needs your data

+ How your data was obtained

+ How IBM uses your data

+ How IBM uses your data

+ How IBM protects your data

+ How long we keep your data

Your rights

Our [Privacy Statement](#) provides more information about your personal data rights. It also provides contact information if you have questions or concerns regarding our handling of your personal data.

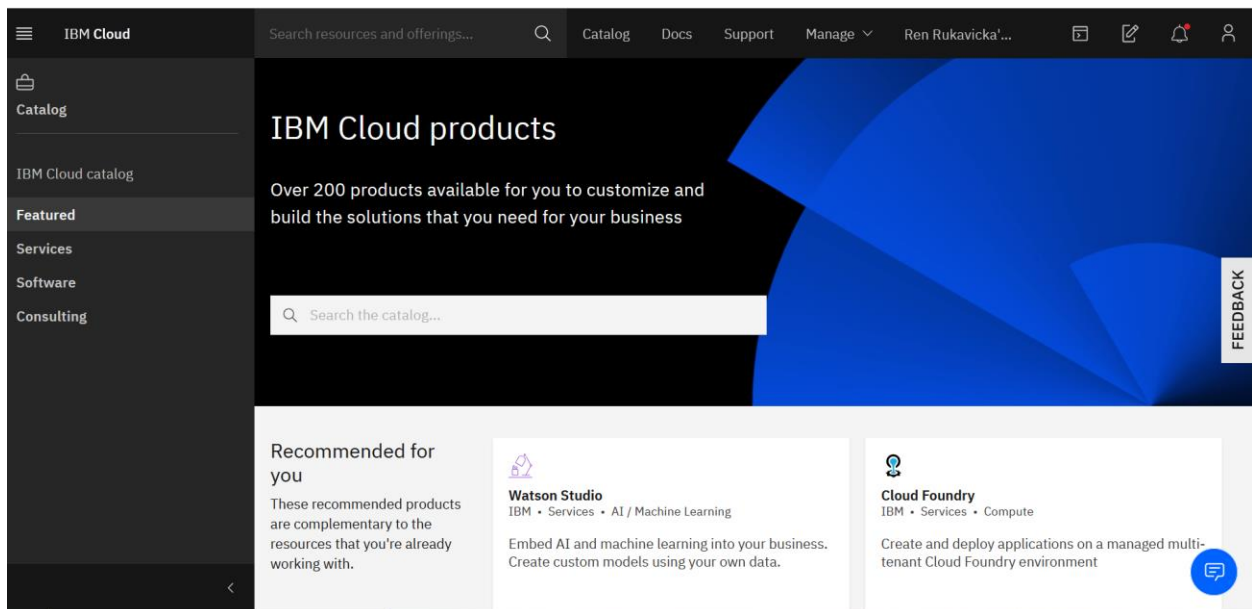

Acknowledgement

I acknowledge that I understand how IBM is using my Basic Personal Data and I am at least 16 years of age.

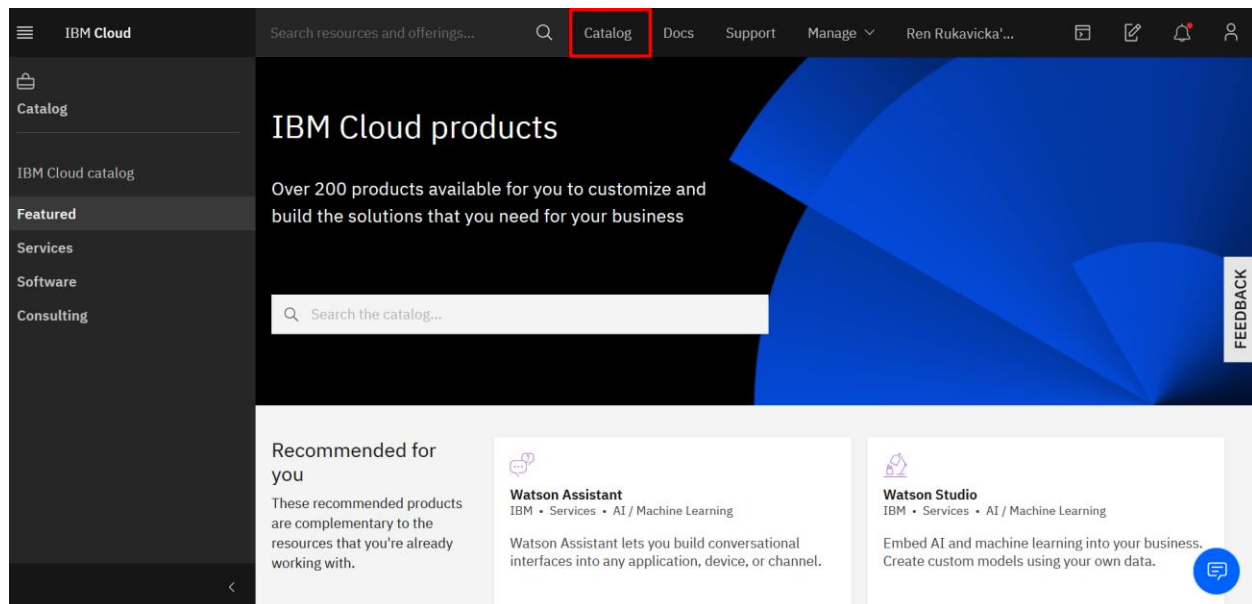

And click on **Proceed** button.

Now your account is ready to use.

1.2 Create one instance of IBM Watson Assistant service

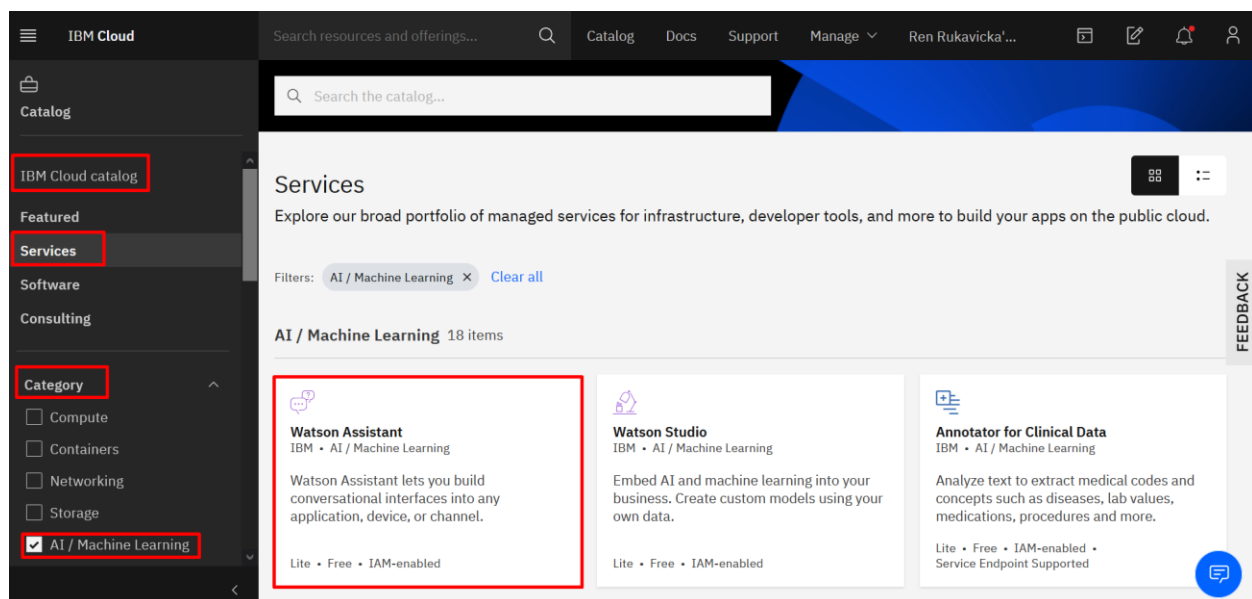

1. From the menu choose **Catalog**.

2. On the left-hand side panel

- click on **Services** from the IBM Cloud catalog section and

- select **AI/Machine learning** option from the Category section.

3. Then click on **Watson Assistant** service.

The screenshot shows the IBM Cloud Watson Assistant 'Create' page. The 'Create' tab is active, and the 'About' tab is also visible. The 'Select a region' dropdown menu is open, showing 'London' as the selected option. Below this, the 'Select a pricing plan' section displays a table with the 'Lite' plan selected, which is free and includes 10,000 messages per month. The right sidebar shows a 'Summary' section with details for the 'Watson Assistant' service, including the region (London), plan (Lite), and service name (Watson Assistant-q2). A 'Create' button is visible in the sidebar.

FEEDBACK

By default, the selected region is London. Please change the region to **Dallas**.

The screenshot shows the IBM Cloud Watson Assistant 'Create' page with the region changed to Dallas. The 'Create' tab is active, and the 'About' tab is also visible. The 'Select a region' dropdown menu is open, showing 'Dallas' as the selected option. Below this, the 'Select a pricing plan' section displays a table with the 'Lite' plan selected, which is free and includes 10,000 messages per month. The right sidebar shows a 'Summary' section with details for the 'Watson Assistant' service, including the region (Dallas), plan (Lite), and service name (Watson Assistant-hy). A 'Create' button is visible in the sidebar.
